birtudan@yahoo.com

Age: 25
Nationality: Romanian
Objective: An IT manager position in a company in Europe.

Work experience: **The National Medical Insurance Services, Dolj county, Romania**
Data base administrator – 2 years
During this time I learned to handle databases and I understood how the Romanian National Medical Insurance System works.

Education: **Tomas Bata University, Zlin, Czech Republic**
The Faculty of Management and Economics
Ph.D. Student – 2006 –
Doctoral thesis: “The Optimization of Corporate Resources”.
I orientated my research toward “Optimization of IT resources” because I believe that most companies use satisfying IT solutions instead of maximizing ones,

University of Craiova, Craiova, Romania
Faculty of Automatics, Computers and Electronics
Bachelor of Engineering – 2006
Major in Applied Informatics
Diploma Project: “The Stabilization of a special STOL (Short Take-Off and Landing aircraft) “, developed at The University of Technology, HEUDIASYC Laboratory, Compiègne, France.
